Job Summary: A plumbing/mechanical estimator is an essential function for successful projects within Denron Hall's plumbing and HVAC construction teams. This position is integral to our projects being successful.

Job Description/Duties:

- Responsible for reviewing design documents and creating both plumbing and HVAC estimates for commercial, institutional, and industrial applications. Project sizes range from \$500,000 to \$10,000,000.
- Develop both plan/spec and design build estimates that support job specifications, applicable codes and design requirements
- Provide support to our project teams during the construction process.
- Familiarity with applicable building codes in NH and MA and engineering standards (i.e. IPC, ASHRAE, etc)
- Collaborate effectively with project team members
- Adapt to changing project demands and prioritize your own workload to meet multiple, sometimes conflicting deadlines
- Ownership of all documentation related to the pre-construction aspects of a project
- Initiate communication and follow-up with established clients to ensure customer satisfaction
- Other related duties as needed to be successful in this role.

Skills & Competencies:

- Proficient with Trimble estimating software
- Five years of relevant estimating experience for HVAC and Plumbing projects.
- Valid driver's license with acceptable driving record
- Proficient in Microsoft Office applications
- Exceptional interpersonal and communication skills
- Time/project management skills
- Receptive to new ideas and questions
- Efficient and organized and detail oriented

Supervisory Responsibility:

- Oversees daily productivity of the department
- Provides constructive feedback and performance evaluations
- Assists in the hiring and training of team members

Physical Requirements:

- Prolonged periods of sitting at a desk while working on a computer
- Able to perform construction site visits which require standing, walking, climbing

Benefits:

- Health/Dental/Vision Insurance
- Paid vacation available after 90 days
- 8 paid holidays
- 401(k) plan with generous company match
- Company provided short-term/long-term insurance
- Potential for performance bonus
